

WULET – get cryptocurrency for everyday purchases

Your personal crypto-cashback from everyday purchases that you can use however you like!

GOAL OF THE PROJECT

WULET is a blockchain platform that will give its users the opportunity to use cryptocurrency in everyday life, and businesses the chance to attract new clients and keep their current clientele.

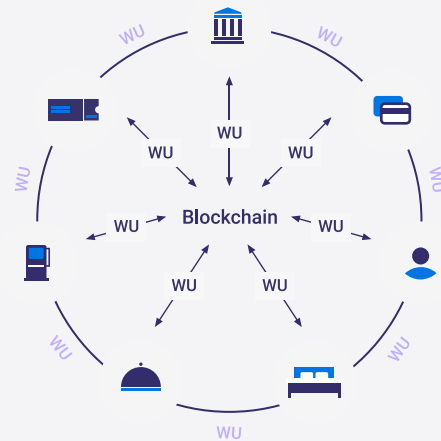

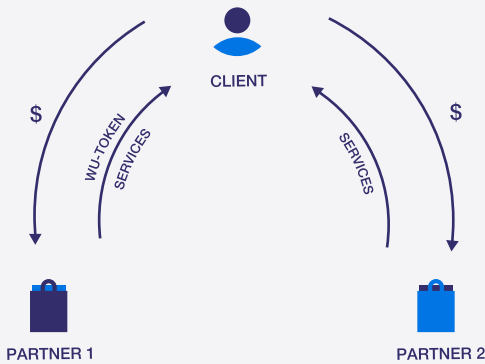

ROADMAP

WORKING PRINCIPLE

WULET is a platform which will combine loyalty programs in the unified system, and users will get crypto-cashback for its use. Subsequently it can be spent in the institutions of partner companies, converted into fiat money or into needed bonus points of other loyalty programs on the internal exchange of the project.
